

CLC k-8 Scope Sequence

Draft document

| COMPUTER BASICS | | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | HCPS III |
|------------------------|--|---|---|---|---|---|---|---|---|---|----------|
| 11101 | ID (identify) different types of computers | I | R | R | R | R | R | R | R | R | |
| 11103 | ID the role of the central processing unit | I | R | R | R | R | R | R | R | R | |
| 11105 | ID the role of different types of memory | | | | | | | | I | R | |
| 11106 | ID different storage devices | I | R | R | R | R | R | R | R | R | |
| 11107 | ID the flow of information within a computer | | | | | | I | R | R | M | |
| 11108 | ID how information is transferred | | | | | | I | R | R | M | |
| 11109 | ID how large systems work | | | | | | I | R | R | M | |
| 11110 | ID how computers integrate into larger systems | | | | | | I | R | R | M | |
| 11111 | ID how computers share resources | | | | | | I | R | R | M | |
| 11201 | ID external components | I | R | R | R | R | R | R | R | R | |
| 11202 | ID internal components | I | R | R | R | R | R | R | R | R | |
| 11203 | ID input devices | I | R | R | R | R | R | R | R | R | |
| 11204 | ID output devices | I | R | R | R | R | R | R | R | R | |
| 11205 | ID storage devices | I | R | R | R | R | R | R | R | R | |
| 11206 | ID ports used to connect devices | I | R | R | R | R | R | R | R | R | |
| | ID different operating systems | I | R | R | R | R | R | R | R | R | |
| | ID types of software for different purposes | I | R | R | R | R | R | R | R | R | |
| 12209 | ID different Web browsers | I | R | R | R | R | R | R | R | R | |
| | ID different versions of OS and software | | | | | | | I | R | R | |

I = Introduced

R = Reinforced

M = Mastered

* M = 8th grade Mastery in Windows
